Lighted Christmas Trees

Brighten Business Areas

The use of the 22 Christmas lighted figures placed by the department store, the large number of people who will be able to enjoy the store's Christmas display. The figures are arranged in such a way as to make the display more attractive to passersby. The figures are moved every few days to ensure that they remain interesting. The store continues to receive many compliments on its Christmas display and has decided to continue using the figures in future years.

Payoff Figure

Leaves Jail, Bails Again

BUFFALO — Buffalo police have again arrested a man who they say has been using the same name to help himself out of jail.

The man, who was arrested for burglary earlier this year, was released on bail after he posted $5,000. But he never showed up for trial, and the police say they have no idea where he is.

Council Vote

Refunds

Housing Need

With only one dissenting vote, the City Council voted to approve a plan for refunds to homeowners who had been overcharged for housing.

The plan, which was approved by a 6-0 vote, will provide refunds to homeowners who paid more than the current market rate for housing.
